

Rules and Regulations For OOP

Theme Updated

Our Kaka and Kaki have Completed Programming Fundamentals Course. Many Many Congratulations to them. They are on the right track towards their journey of becoming an Excellent Programmer.

Rules and Regulations

Now, our Kaka and Kaki are becoming **Mature** on their journey therefore we expect following things from them.

Rules and Regulations

1. Completion of **Self Assessments** of every Lecture individually.
2. Completion of **Lab Tasks** on time individually
3. No Use of **Cell Phones** and **Cross talks** using the practice sessions in Class or Lab
4. **No eating or sleeping** in the Class or Lab.
5. Most Importantly, **NO PLAGIARISM.**

Kaka and Kaki: Kamyab Programmers

Since our Kaka and Kaki are **Muslims** and their goal is to be a **best Programmer** with the right skills (both **technical** and **social**), therefore they will follow the rules.
